1. Print out the document to actual size (100% scaling).

Do **not** change the scale in the print settings.

PRINT TO ACTUAL SIZE

2. Cut out the tape measure.

3. Position the watch dial on the top of your wrist.

Wrap the tape measure around your wrist, just as tightly or loosely as you would like to wear your watch.

4. Note down the number that is shown level with the white arrow.
